MERCHANTS AND COMMISSION MEN ENJOYING BIG FALL TRADE.

Traveling Salesmen Report Good Crops and Predict Still More Business-Eggs and Butter Higher.

Sept. 13 closed one of the best weeks' trade for two months past. The dry goods houses, the milliners, the wholesale grocers, the confectioners and produce handlers all speak of trade as being good for early fall, and on Commission row there was a decided improvement. Traveling salesmen who came in Friday night and on Saturday brought in good orders; in fact, the best in some weeks, and they speak of the outlook for a big fall trade as being very promising, as the fair wheat, good hay crops and the prospective it being too far advanced for harm it, are conditions conducive to heavy sales. During the week eggs advanced and closed the week very firm and so high that storage eggs will to the market. Despite the fact that there is plenty of stored butter, fresh the year. At the close of the week fruits were much firmer and Irish potatoes carry a strong tone. Sugar is the leading commodity with the grocers, large sales being reported, the bulk of the sugar selling being granulated, wanted largely for canning purposes. Contrary to expectations, prices have not advanced materially and still rule about 30 cents per 100 pounds below prices one year ago. Coffees are free movers at unchanged prices. Hog products are in good request and firm in price.

Indianapolis Grain Market.

The week closed with a steady, firm grain market, all cereals being in good request at the following range of prices, as furnished by the secretary of the Board of Trade: Wheat stronger; No. 2 red, 70c track, 70c on milling freight; No. 3 red, 66@68c track;

UNION STOCKYARDS, INDIANAPOLIS. Sept. 13.-Cattle-Receipts, 300; shipments, 200. There is only a slight improvement to report in marketing of cattle this week compared with last and a decrease of over 2,100 compared with the same week a year ago and an increase of 1,000 over the corresponding week two years ago. Thus far this year the receipts are a little less than 14,000 larger than the same period last year. Market weak. Choice export and dressed beef steers, \$7.10@7.65; fair to good, \$3.25@7; stockers capped this week by the scarcity of strictly choice kind in their class, and the full strength native cows and heifers, \$1.75@4.15; canners, \$1@ 2.25; bulls, \$2.65@3.56; calves, \$3@6. Receipts for have been is a question. There was a very liberal marketing of undergrade stock, and ordinarily salesmen no doubt would have had to make a sharp concession in prices, but they were a litand succeeded in getting nearly steady prices for all of the fair to medium cattle they could sell. At times, however, it was difficult to move the supply at any price, and at such times no doubt occasional sales were lower. At the extreme close of the stocker and feeder order, and, while there was hands, the outlet was not sufficient to exhaust the supply and quite a number had to be carried over unsold. There were no native steers here this week good enough to bring over \$7.35 while \$4 was the highest price reported for Texas, and the extreme price for heifers and a number of high-grade feeding steers sold around \$4.75@5, and less desirable stockers ranged from \$2.50 to \$4.65. More than the average Saturday run of cattle arrived for the market today, but there was not a complete variety of were not many of the offerings that were attractive to buyers at this time. Some were possibly better than the trade here could use, while others, and perhaps most of the supply, were not fully up to the standard in quality or flesh Therefore, the demand was of no importance and the market was necessarily very dull. Al that could be sold brought about steady prices, but the market closed with a large number of but the market closed with a large number of 200. Market dull. Veals-Receipts light. The receipts of hegs this week show a decrease of over 1,000 compared with last week and a little improvement over the same time a year ago and a higher at \$3.50@5.65.

time two years ago. The receipts thu far this year are a little over 160,000 smaller than the same period last year. For the week ending yesterday the leading local packers bought a total of 6,187, against 8,137 the preceding week and 11.743 the same week a year ago. Du ing the same period the shipments were 8,069, against 5,120 the preceding week and 1,532 the corresponding week a year ago. The quality this week has been generally good, and a large number of choice heavy hogs were marketed. There were frequent changes in prices, but they were not of as great importance as last week and two weeks ago. There was no time that there was to exceed 10c change on any grade, and usually 5c would cover the gain or loss. The week opened with a decline of 5c, but this was regained reaction of 5c to 10c, but from that time until the close of the week there was a gradual upward movement in values, and at the close of the week prices were at least 10c higher than the close of last week. The different buyers were not wanting all grades of hogs, but shippers required the good medium to heavy kinds, while packers confined their buying to the lighter weights, and, therefore, there was always an outlet for the supplies at current prices. There was very little inquiry, however, for good hogs averaging over 300 lbs, and some of that class brought here last Saturday were still in the pens The extreme price of the week was \$7.95 paid to-day, and the lowest price was \$7.75 on Wednesday. Shippers have been the principal support of the market and bought a larger numper of hogs than packers, which, of course, is unusual. The receipts to-day were small, being 1,000 less than a week ago and show a slight change compared with a year ago. The quality was good, and, with reasonably strong competi tion between packers and shippers, the supply was exhausted early. In a general way prices were probably not to exceed 5c higher than yesterday, but occasionally it was claimed that there was 10c advance. The market closed steady at the advance. Sales ranged from \$7.40 to \$7.95, and very few were reported below \$7.65. Good to choice medium to heavy \$7.80@7.5

The receipts thus far this year are little over 4,000 smaller than the same period last year. The early part of the week the tendency was rather lower, and occasionally the sales of lambs were made 50c under the high price last week. Sheep, however, con-tinued about steady, and toward the close of the week there was a stronger tendency in the market for lambs, and at least 25c of the early loss in prices was regained. The supplies were not large enough to accommodate the local demand and at the same time encourage competition from out side sources, but good clearances were made ev- Indianapolis 256 ery day. Transactions at the Interstate Yards. INTERSTATE STOCKYARDS, INDIANAPO-LIS, Sept. 13.-Cattle-Receipts small; shipments none. A little better tone permeated the cattle market the past week, but the improvement was not pronounced enough to warrant any change in quotations. The demand for choice butcher stock has been good, a little better, if anything, than usual. Buyers are still spurning the common and medium butcher cattle, and the outlet for undergrade feeding stock is as small as it is but natural that there should be a ever. The calf market shows no change, the best still being worth \$7.50. Quotations:

The market has been first up and then down all week, but some little ground was gained, closing values being 5@10c higher than they were last Saturday. To-day's market was the strongest since July 28 and was pretty close to the record for the year. Receipts have been about normal and the quality much like usual of late. Choice heavy hogs are rather scarce, not enough com ing to fill orders. Eastern men have been the mainstay of the market, local packers being absent from the market all week. The market

over yesterday's figures. Selected heavy hogs 300 lbs and upwards, were quoted at \$8. Choice light hogs are worth \$7.75, with the bulk of the supply selling from \$7.65 to \$7.80. in twenty-three cities for August as fol-

"During the month of August permits

were taken out in twenty-three of the lead-

ing cities of the country for the construc-

tion of 6,750 building improvements, involv-

ing a cost of \$23,679,949, against 5,632, costing

\$22,443,742, for the corresponding month a

year ago, an increase of 1,118 buildings and

\$1,236,207, or about 6 per cent., according to

special official reports to Construction News. This showing is not nearly so good

as the one for the preceding month, but on

the whole it is highly satisfactory. July,

it will be remembered, showed a gain of

49 per cent, over the same month a year

ago, but it is possible to maintain such a

into consideration the fact that practically

every month in every year for over a half

decade has shown a gain, the increase for

August will not seem so bad. Further, August is a "between-seasons" month, when it is too late to begin construction

for this year's occupancy and too early for

work for next year. The figures in detail

TAX-FIXING SCANDAL.

Developments in the Chicago Masonic

Temple Case.

CHICAGO, Sept. 13 .- The development in

the Masonic Temple Association tax-fixing

scandal to-day was a petition filed in the

the county treasurer and the sheriff from

selling the twenty-two-story office building

for the unpaid taxes for 1901, amounting to

over \$26,000. The bill sets up that the taxes

were regularly paid and that the associa-

tion has the receipt. The receipt in ques-

tion is the one alleged to have been forged

with a view to the association escaping

its taxes, and for the alleged utterance of

which Capt. Edward Williams, manager

of the association, and three others were

recently indicted by the grand jury. The

bill also states that the entry of "paid"

that was said to have been forged in the county treasurer's tax warrant book op-

posite the Masonic Temple item, was erased
